A New Reformation.
Are we in for a new reformation? Vinet, himself an evangelical theologian, said long ago that one was necessary and inevitable, and there are features about the present upheaval which remind us curiously of that old one of nine hundred years ago.—Christian World.

Y. M. C. A. HAPPENINGS

In one of the most enthusiastic and exciting contests ever rolled on the Y. M. C. A. bowling alleys, the Orphans five-man team defeated the Tiger champions last night and by so doing won the honors in the five-man bowling tournament which has been waging for the past two days. The Orphans won by a margin of two pins and the victory was greatly due to the excellent work of McRill, who made an average for the three games of 195 pins, the highest three-game average record of the season.

There were seven teams entered the tournament. However, practically all dropped out of the contest, but the Orphans and Tigers who were the last to bowl last night. At the close of the second game, the Tigers were just one pin behind the Orphans, the latter having 1577 total pins. On the last game hinged the fate of either team, but the Orphans, nervous as they are, rallied to the occasion, and with set determination bowled as they never had bowled before. Hundreds of spectators, enthusiastic to see the Orphans win, sent up cheer after cheer and victory was assured. In total pins, upon which the tournament was based, the Tigers made 2411 and the Orphans 2413.

Preceding the Orphan-Tiger contest, the Olympians and Americans bowled a series of three games, resulting in the Americans scoring 2209 and the Olympians 2039.

The two-man tournament will open this evening. Following are the scores of last night's contest:

EUREKA!**Yes I Have Found it at Last.**

Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night, and wash with cold water, to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me.—Elder John T. BOARD WILL ENFORCE LAW

Citizens Must Work Road Tax or Pay.

OFFICIALS DETERMINED

And will Bring Suit When Occasion Demands it.

The Law Means About \$9,000 to the City as 3000 Men are Eligible for Street Work.

Preparations were made at a meeting of the board of public service last night, to enforce the new law requiring every male citizen over 21 years of age and under 55 years with certain exceptions to either work two full days on the streets of the city or to pay the sum of \$3 into the city treasury.

The enforcement of the law in the city falls upon the service board and the members are determined that it shall be enforced strictly to the letter. The law requires that the work shall be done on the streets between April 15 and July 15 or that the money must be paid between those dates.

That considerable opposition to the enforcement of the law will be met with in every section of the city, is expressed by the board and preparations are being made to bring suit against those who refuse to comply with the law. In the courts of the local justices of the peace. It is expected that the justices will do a land office business.

On motion it was decided to ask the council for an appropriation of \$650 to employ four superintendents, one to be located in every section of the city, and also to pay for the legal advertising necessary. The superintendents will be expected to notify the citizens that they must either serve the time or pay up and to prosecute them if they refuse to do either. The superintendent will also have charge of the men who report for work on the city's thoroughfares.

It is estimated that there are 3,000 men eligible for the street work in this city which will net the city about \$9,000 either in work or money and the streets should be cleaner than for many years in the past. Only those over 55 years of age, members of the Ohio National Guard, war veterans, and pensioners of the government, are exempt.

William Bierbower was appointed inspector of the sewer that is being constructed on Hoyle street. Bids amounting to \$800 were allowed and ordered paid. Several miles of sandstone sidewalks are to be laid in the near future by the board and the members spent considerable time talking over the ins and outs of the sidewalk question. It is probable that the clerk will be ordered to advertise for sidewalk bids at the next meeting.

At the meeting of the board of health following the health officer reported four new cases of measles during the past week. One case of diphtheria reported some time ago, has been released from quarantine.

EPWORTH LEAGUE RENDERS PROGRAM

Pleasant Evening Enjoyed at Epworth M. E. Church.

At the Close of an Enjoyable Musical and Literary Program Refreshments were Served

The Epworth League of Epworth M. E. Church, held a delightful social in the church apartments Tuesday evening. A company of members and friends, numbering about sixty-five, assembled in the Sunday School rooms at 8 o'clock and an excellent program of music and recitations was rendered.

The program opened with a piano solo by Miss Mamie Weber, which was greatly appreciated. A violin solo by Mr. Homer Waddell followed. A vocal solo by Miss Carmine Blow proved a pleasing selection as did also a piano duet by Miss Mattie Meredith and Miss Fleeta Thomas. After an interesting reading by Mrs. K. H. Marshall, the program closed with another piano duet by Miss Meredith and Miss Thomas.

At the conclusion of the program the guests adjourned to the basement, where a light luncheon was served, and of social diversions common to church parties were enjoyed until a late hour. The great success of the social was greatly due to the consistent work of the social committee, which was composed of Miss Alice Cheney, Miss Ethel Jones, Miss Ada Monnette and Miss Stella Leach.

Canton, O., April 10.—Foraker arrived here today for his address tonight. There was no demonstration. The town is decorated with Foraker pictures, placed at his orders. Foraker, in an interview, said he desired the primary to decide between himself and Taft, to take place next spring, in connection with the election of delegates to the state convention.

Don't Let Talk Take the Place of Test

Don't let anyone's prejudice or selfish opposition convince you that any of the "Triangle A" brands are not better than any other cigars sold at the same price.

That's no way to judge.

You can test it for yourself, and you are the only one who knows when the cigar suits you.

Smoke any "Triangle A" brand and compare it fairly with any other cigar sold at the same price.

We are willing to stake the success of our whole business on public opinion founded on this test.

The experience which has been combined in producing the American Cigar Company's cigars was acquired from the operation of nearly 100 of the most famous and successful factories in Cuba and the United States. And processes of proper refining and scientific blending mean much to every smoker.

You can bank on the "Triangle A" sign every time. No more raw, green, bitter tobacco in your cigars!

Is that worth the trouble?

The "Triangle A" is the mark that protects you.

The New CREMO

Every box is now extra-wrapped in glassine paper, sealed at each end with the "Triangle A" in red. The cigars are kept clean, fresh and in perfect smoking condition until the box is opened.

**Marrying Under the Gallows.**

In olden days, if a man or woman would consent to marry under the gallows, a person condemned to death might thereby be saved from execution. This happened, according to an old English ballad, to a Chichester merchant who was thus saved by a loving maiden. In 1784 a criminal at New York escaped in the same way. (And all readers of Victor Hugo's "Notre Dame" will remember that powerful and dramatic scene where Esmeralda saves Pierre Gringoire.) But Pinkerton records a case where the criminal refused to retain life in this way. The story of this intrepid refusal has been told in lines which bear quotation.

Placing Stamps Wrongly.

"The only way to stop people from plastering a stamp at any old place upon the envelope, except the right one, is to do as is done in England. There a letter which does not have the stamp in the right position is cast aside and handled only when all other mail is sorted and exchanged." This idea was advanced by a postal clerk. "We often lose considerable time because of these letters," continued the clerk, "for often we have to stop and turn over an envelope to find the stamp. The worst offenders in this respect are not for eigners, but those who have lived here for years."

Big Barge Adrift.

Norfolk, Va., April 8.—A wireless message received here Sunday from the Standard Oil barge Thomas W. Lawson announced that vessel to be adrift 14 miles southeast of Cape Lookout and leaking. The Lawson was said to be the only seven-masted schooner afloat until she was bought by the Standard Oil Co. and converted into an oil barge.
